| Remark 2 |  |
| Remark 3 |  |

<Product information>

| Product name                  | Product number | Delivered unit |       | Product information           |
|-------------------------------|----------------|----------------|-------|-------------------------------|
|                               |                | Amount         | Unit  |                               |
| Storage box for spare compass | 208000         | 1              | piece | Storage box for spare compass |

<Material information>

| This materials information shows the amount of hazardous materials contained in | Unit    | (unit: piece, kg, m, m², m³, etc.) of the product. |
|---|---------|--|
|   | 1 piece |  |

| Table  | Material name  | Threshold level           | Present above threshold level | If yes, material mass |      | If yes, information on where it is used |
|--|--|---------------------------|-------------------------------|-----------------------|------|---|
|  |  |                           | Yes/No                        | Mass                  | Unit |   |
| Table A*<br>(materials listed in appendix 1 of the Convention) | Asbestos   | 0.1% <sup>19</sup>        | No                            |                       |      |   |
|  | Polychlorinated biphenyls (PCBs)                                 | 50 mg/kg                  | No                            |                       |      |   |
|  | Ozon depleting substance   | no threshold level        | Chlorofluorocarbons (CFCs)    | No                    |      |   |
|  |  |                           | Halons                        | No                    |      |   |
|  |  |                           | Other fully halogenated CFCs  | No                    |      |   |
|  |  |                           | Carbon tetrachloride          | No                    |      |   |
|  |  |                           | 1,1,1-Trichloroethane         | No                    |      |   |
|  |  |                           | Hydrochlorofluorocarbons      | No                    |      |   |
|  |  |                           | Hydrobromofluorocarbons       | No                    |      |   |
|  |  |                           | Methyl bromide                | No                    |      |   |
|  |  |                           | Bromochloromethane            | No                    |      |   |
|  | Anti-fouling systems containing organotin compounds as a biocide | 2,500 mg total tin/kg     | No                            |                       |      |   |
|  | Anti-fouling systems containing cybutryne                        | 1,000 mg/kg <sup>20</sup> | No                            |                       |      |   |
| Annex I**<br>(materials listed in the EU SRR)                  | Perfluorooctane sulfonic acid (PFOS)                             | 10 mg/kg***               | No                            |                       |      |   |
| Table B*<br>(materials listed in appendix 2 of the Convention) | Cadmium and cadmium compounds                                    | 100 mg/kg                 | No                            |                       |      |   |
|  | Hexavalent chromium and hexavalent chromium compounds            | 1,000 mg/kg               | No                            |                       |      |   |
|  | Lead and lead compounds  | 1,000 mg/kg               | No                            |                       |      |   |
|  | Mercury and mercury compounds                                    | 1,000 mg/kg               | No                            |                       |      |   |
|  | Polybrominated biphenyl (PBBs)                                   | 50 mg/kg                  | No                            |                       |      |   |
|  | Polybrominated diphenyl ethers (PBDEs)                           | 1,000 mg/kg               | No                            |                       |      |   |
|  | Polychloronaphthalenes (Cl >= 3)                                 | 50 mg/kg                  | No                            |                       |      |   |
|  | Radioactive substances   | no threshold level        | No                            |                       |      |   |
|  | Certain shortchain chlorinated paraffins                         | 1%                        | No                            |                       |      |   |
| Annex II**<br>(materials listed in the EU SRR)                 | Brominated Flame Retardant (HBCDD)                               | 100 mg/kg                 | No                            |                       |      |   |

<sup>19</sup> Please refer to footnote 19 on the "Form of Material Declaration" in the IMO Guidelines Resolution MEPC.379(80).

\* Hong Kong International Convention for the Safe and Environmentally Sound Recycling of Ships, 2009 (SR/CONF/45).

\*\* Regulation EU No. 1257/2013 of the European Parliament and of the Council of 20 November 2013 on Ship Recycling and amending Regulation EC No.1013/2006 and Directive 2009/16/EC/EMSA's Best Practice Guidance on the Inventory of Hazardous Materials, dated 2016-10-28.

\*\*\* Concentrations of PFOS above 10 mg/kg (0.001% by weight) when it occurs in substances or in preparations or concentrations of PFOS in semi-finished products or articles, or parts thereof equal to or above than 0.1% by weight calculated with reference to the mass of structurally or micro-structurally distinct parts that contain PFOS or for textiles or other coated materials, if the amount of PFOS is equal to or above than 1 µg/m² of the coated material.

<sup>20</sup> When samples are directly taken from the hull, average values of cybutryne should not be present above 1,000 mg of cybutryne per kilogram of dry paint.
